Dear Lynne,

I am sorry for the delay in writing to you to thank you & the orchestra for playing for us at our last meeting. You have become the most popular of our visitors & everyone enjoys both listening to your music but also joining in for a good old "sing song". It is a joy to see how much pleasure is generated on both sides & you must be proud of the work you do not least in terms of the financial contributions that you make to your charities.

Please pass on our appreciation to the orchestra,

Best Wishes,

A handwritten signature in blue ink, consisting of a stylized initial 'A' followed by a horizontal line.
